

***You, better than anyone,
know your financial capabilities***

We realize that your anticipated contribution towards you or your family's YMCA membership or program experience may require financial sacrifice. It is our intention to not deny access to membership and programs because of economic circumstance. All members are expected to pay a portion of the monthly fee, typically a minimum of 50%. However, some applicants may decide that they are unwilling to share in program costs. We fund people whose financial circumstances make them unable – not unwilling - to pay the full fee for a regular membership.

Points to remember when completing your application

Our financial assistance program is funded through the generous contributions from community supporters.

Proof of current household income must include all family members.

Funding for our program is not provided by any governmental agencies.

*Building healthy
communities*

YMCA of Kingston

Financial Assistance Program

Our Mission

The YMCA of Kingston is a community-focused Canadian charity dedicated to building strong kids, strong families, and a strong community.

YMCA Fee Assistance is provided through the generosity of community supporters to the YMCA of Kingston.

Your YMCA's charitable registration number is: 10822-5418-RR0001

No matter who you are, or what goals you are working towards, we will support your journey towards better health. It starts here, with you, at the Y.
